

Ministry of Education Compliance Regulation FOR SCHOOL POOLS

“Under the Ministry of Education Swimming Pool Water Quality Policy, schools are required to have at least one person present, or readily accessible, when the pool is in operation that holds **Unit Standard 20046** in swimming pool water quality.”

School Swimming Pool Guidelines, <https://www.education.govt.nz/school/property-and-transport/school-facilities/swimming-pools/pool-maintenance/#operational>

Get compliant before the season begins

Waikato Institute for Leadership & Sport Studies is presenting a session on

Unit Standard 20046 – Monitor pool water quality and store pool water treatment chemicals.

This unit standard is an introduction to pool operations and for swimming pool operators.

The full day programme would be beneficial to caretakers, teachers, principals, BOT members, pool maintenance staff of hotels, motels, gyms, retirement villages, and parents involved in pool maintenance.

COST

\$330 per person plus GST

- Course resources will be provided
- BYO morning tea and lunch
