Let's Coach covers the art of setting up a
POSITIVE environment, developing and
maintaining FUN sessions and MOTIVATING
communication.

Our innovative programme offers sport
influencers an opportunity to learn the basics of
sports coaching.

A course designed by coaches for coaches to be
both interactive and FUN.

Our student feedback "I got a lot out of the
resources as majority of them were new to me,
and I even shared some of them with some of
the other coaches at my club. It was good that
there was a range of resources including
videos and reading material. All of the
resources were applicable to the topics and
directly helpful in completing the
assignments."
